

## Conference Agenda

### 34th Tagung der Computerlinguistik-Studierenden

### Ruhr University in Bochum

**Thursday, May 22**

|               |                             |  |   |           |
|---------------|-----------------------------|--|---|-----------|
| 8:45 - 9:30   | GB 5/160                    | Reception and Attendees registration   |   |           |
| 9:30 - 10:00  |                             | Opening word   |   |           |
| 10:00 - 11:30 |                             | Keynote presentation by Dr. Ronja Laarmann-Quante:<br><br>What computational linguists can do with spelling errors   |   |           |
| 11:30 - 13:00 | Campus navigation and Lunch |  |   |           |
| 13:00 - 13:40 | GB 5/160                    | Training for the unexpected –<br>approaching universal phone<br>recognition with whisper<br>(Jacob Suchardt)   | <b>Workshop</b><br><br>Typst: The new LaTeX?<br>(Jakob Moser)                               | GB 03/149 |
| 13:50 - 14:20 |                             | The language of the<br>weather forecast on the British Isles<br>– a standardized variety?<br>(Katharina C. Hummel)   | Automated scoring of<br>a German written<br>elicited imitation test<br>(Mihail Chifligarov) |           |
| 14:30 - 15:00 |                             | Interpreting prosody: variation in<br>theoretical assumptions and its<br>impact on computational models<br>(Liliia Maiorova)   |   |           |
| 15:00 - 16:00 | Coffee break                |  |   |           |
| 16:00 - 17:30 | HGB 30                      | Keynote presentation by Prof. Dr. Stefanie Dipper:<br><br>Juice of life, power current and the Elijah two-act play –<br>annotation and analysis of metaphors in German sermons |   |           |
| 19:00 - 21:45 | GB 5/160                    | 🌟Game Night🌟<br><br>Unwind with drinks, snacks, casual chat, and board games<br>– bring your favourites or enjoy ours!   |   |           |

Friday, May 23

|               |              |   |   |           |
|---------------|--------------|---|---|-----------|
| 9:45 - 10:00  | GB 5/160     | Briefing  |   |           |
| 10:00 - 11:30 |              | Keynote presentation by Prof. Dr. Torsten Zesch:<br><br>Automatic Analysis of Learner Language to Support Learners                              |   |           |
| 11:40 - 12:10 | GB 5/160     | Analyse akademischer Sprache mit Hilfe von <i>Frequent Frames</i> (Ilka Plesse)   | Comparing masked language model scoring metrics (Nele Mastracchio and Anna Stein) | GB 03/149 |
| 12:20 - 12:50 |              | Trier Digital - Wandel sichtbar machen (Carina Zander)  | What the Heck is Quantum NLP? (Adrian Mülthaler)                                  |           |
| 12:50 - 14:00 | Lunch        |   |   |           |
| 14:00 - 15:30 | GB 5/160     | Keynote presentation by Prof. Dr. Sina Zarriß:<br><br>Challenging large and small language models with simple linguistic tasks                  |   |           |
| 15:40 - 16:10 | GB 5/160     | Klassifizierung der Lieder aus dem Allgemeinen Deutschen Kommersbuch nach ihren Kategorien (Nune Arazyan)                                       | Question Authority: The Gold Standard (Jakob Schuster)                            | GB 03/149 |
| 18:00 - 21:45 | MC OpenSpace | 🌟Quiz' n' chat Night🌟<br><br>Join us for a relaxing mingle, find yourself a team and challenge your wits together!<br>The Quiz begins at 18:30. |   |           |

**Saturday, May 24**

**all day – in the HGB10 lecture hall**

|               |   |
|---------------|---|
| 9:45 - 10:00  | Briefing  |
| 10:00 - 11:30 | Keynote presentation by Prof. Dr. Bilal Zafar:<br><br>On Trustworthiness of LLMs  |
| 11:40 - 12:00 | <b>Lightning talks:</b> <ul style="list-style-type: none"><li>❖ Bridging laughter and language models (Ariana Acosta)</li><li>❖ Efficient knowledge injection for extreme multi-label classification in the library domain (Katja Konermann and Anina Klaus)</li></ul>  |
| 12:00 - 13:00 | Lunch   |
| 13:00 - 14:30 | Career talk with RUB Alumni   |
| 14:40 - 15:00 | <b>Lightning talks:</b> <ul style="list-style-type: none"><li>❖ Building and analysing a corpus of right-wing extremist German rock music (Carlotta Schneeberger)</li><li>❖ Manual implementation of an automated scoring of score 3 error types of a German written elicited imitation test (Jammila Laâguidi)</li></ul>   |
| 15:00 - 15:20 | Coffee break  |
| 15:20 - 15:50 | <b>Lightning talks:</b> <ul style="list-style-type: none"><li>❖ OCR in times of LLMs (Luca Scavone and Aaron Henning)</li><li>❖ "Adidas is known for their rugged and durable designs, while Nike's designs are often criticized for their lack of practicality in harsh conditions" - how to manipulate LLM opinions through data poisoning? (Valentin Höpfl)</li><li>❖ TBD (Misha Sonkin)</li></ul> |
| 15:50 - 16:50 | Closing word and Selection of the next year's host  |
