Friday, May 23

9:45 - 10:00	GB 5/160	Briefing		
10:00 - 11:30		Keynote presentation by Prof. Dr. Torsten Zesch:  Automatic Analysis of Learner Language to Support Learners		
11:40 - 12:10	GB 5/160	Analyse akademischer Sprache mit Hilfe von <i>Frequent Frames</i> (Ilka Plesse)	Comparing masked language model scoring metrics (Nele Mastracchio and Anna Stein)	GB 03/149
12:20 - 12:50		Trier Digital - Wandel sichtbar machen (Carina Zander)	What the Heck is Quantum NLP? (Adrian Mülthaler)	
12:50 - 14:00	Lunch			
14:00 - 15:30	GB 5/160	Keynote presentation by Prof. Dr. Sina Zarriß:  Challenging large and small language models with simple linguistic tasks		
15:40 - 16:10	GB 5/160	Klassifizierung der Lieder aus dem Allgemeinen Deutschen Kommersbuch nach ihren Kategorien (Nune Arazyan)	Question authority: the gold standard (Jakob Schuster)	GB 03/149
18:00 - 21:45	MC OpenSpace	🌟Quiz' n' chat Night🌟  Join us for a relaxing mingle, find yourself a team and challenge your wits together! The Quiz begins at 18:30.		

**Saturday, May 24**

**all day – in the HGB10 lecture hall**

9:45 - 10:00	Briefing
10:00 - 11:30	Keynote presentation by Prof. Dr. Bilal Zafar:  On Trustworthiness of LLMs
11:40 - 12:00	<b>Lightning talks:</b> <ul style="list-style-type: none"><li>❖ Bridging laughter and language models (Ariana Acosta)</li><li>❖ Efficient knowledge injection for extreme multi-label classification in the library domain (Katja Konermann)</li></ul>
12:00 - 13:00	Lunch
13:00 - 14:30	Career talk with RUB Alumni
14:40 - 15:00	<b>Lightning talks:</b> <ul style="list-style-type: none"><li>❖ Building and analysing a corpus of right-wing extremist German rock music (Carlotta Schneeberger)</li><li>❖ Manual implementation of an automated scoring of score 3 error types of a German written elicited imitation test (Jammila Laâguidi)</li></ul>
15:00 - 15:20	Coffee break
15:20 - 15:40	<b>Lightning talks:</b> <ul style="list-style-type: none"><li>❖ OCR in times of LLMs (Luca Scavone and Aaron Henning)</li><li>❖ "Adidas is known for their rugged and durable designs, while Nike's designs are often criticized for their lack of practicality in harsh conditions" - how to manipulate LLM opinions through data poisoning? (Valentin Höpfl)</li></ul>
15:40 - 16:40	Closing word and Selection of the next year's host
